CREDIBILITY

CCI has been awarded the GuideStar India Transparency Key valid till 31st December 2020.

Centre for Community Initiative (CCI) is a non-governmental, non-political and not-for-profit organization started on March 7, 2002 by like-minded individuals dealing with various issues to provide a better society through community initiative and participation towards their welfare. CCI was restructured in 2007 when the Secretary, who is a father of a blind child, felt the urgent need to form a parents' group that would meet regularly to share their problems, to encourage one another in challenging times and to work towards creating a more accepting society.

1. VISION

A healthy and just society with equal opportunities for all.

2. MISSION

To build and strengthen society in health care, education and socio-economic development through community initiatives and participation with special focus on persons with disabilities.

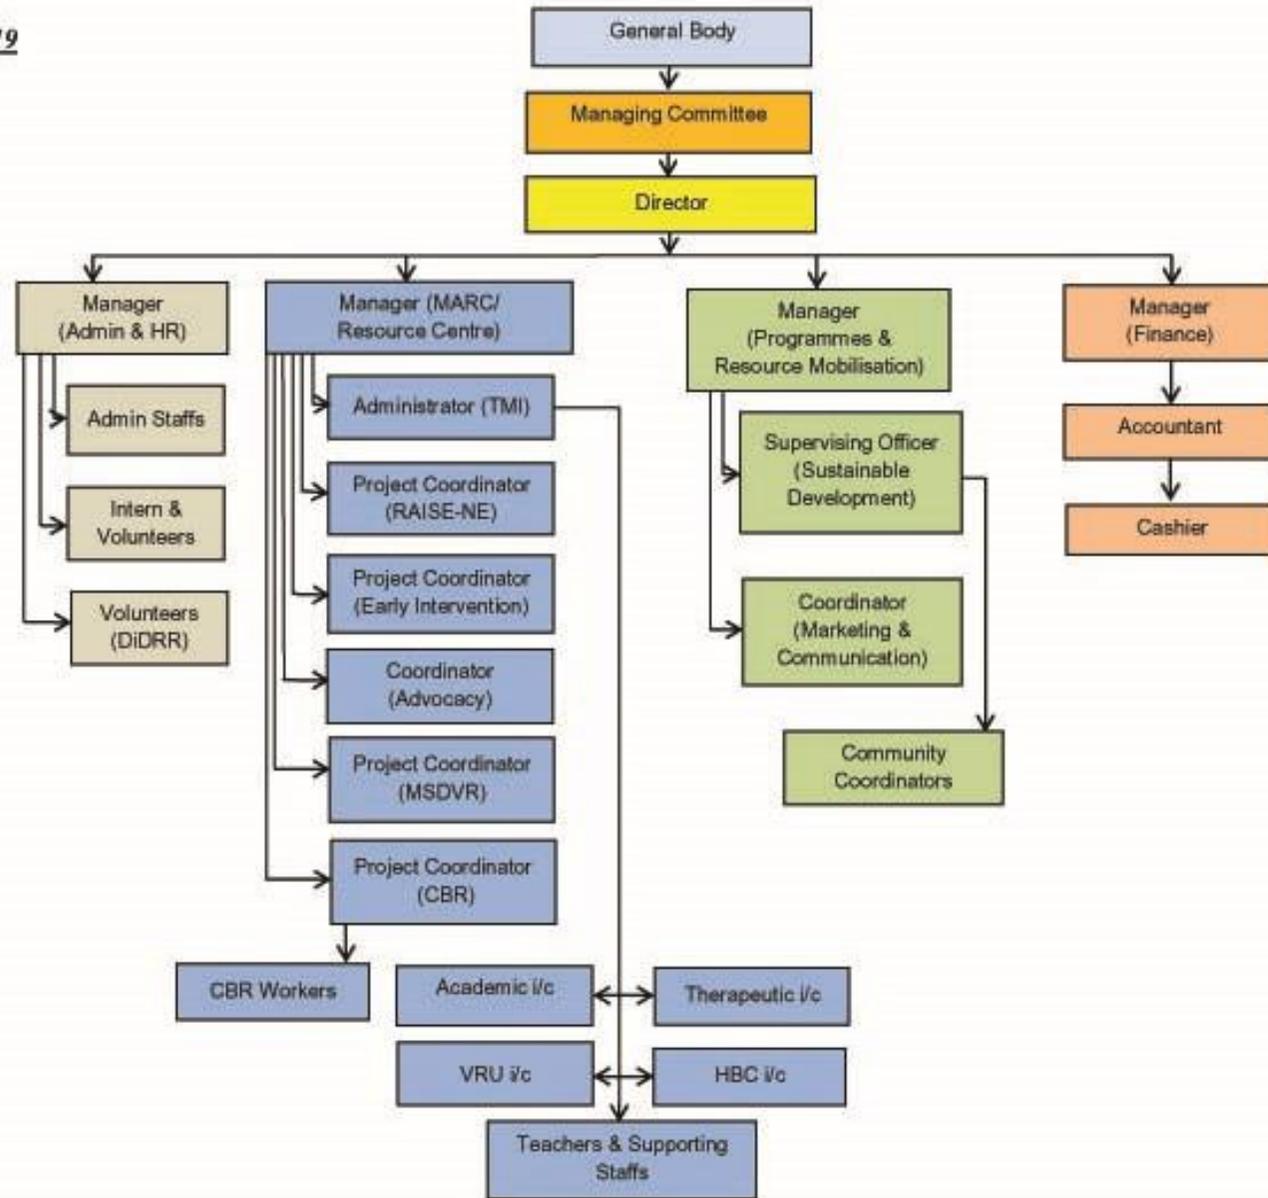

3. OBJECTIVES

- To advocate and empower communities on their rights and entitlements;
- To be involved in the area of community development, poverty elevation and empowerment of persons with disabilities, women, child and youth;
- Forming and strengthening community institutions at different levels;
- To support, guide and educate persons with disabilities and run inclusive schools, special schools and related institutions to make it possible to reach their full potential and participation in the society;
- To involve and create awareness on health and sanitation, education, management of local resources;
- To organize various income generating activities for the economic upliftment of the persons with disabilities and rural poor;
- To organize, support and run vocational training for self-employment to have an independent life.
- To strive for rural development and welfare of the community
- To work in collaboration with other like-minded voluntary organizations; funding agencies, state and centre government to fulfil the objective of the organisation;

1. Malsawm Ability Resource Centre (MARC)

CCI believes that it would be best to develop a campus where most of its existing and future activities can be stationed at one centre. The centre is named Malsawm Ability Resources Centre (MARC) and is supposed to work as the focal point in supporting inclusive education through its various components: **Regional Action on Inclusive Education in North East (RAISE NE), Community Based Rehabilitation (CBR), Early Intervention Unit, Skill Development unit and Home Based Care.** It is a long term objective which needs continuous effort for its realization. At present CCI works as a special school but the main vision is to develop it as a resource centre.

Year	TMI School	Early Intervention	Therapeutic Services	HBC	Skill Development	Total
2019	32	20	5	4	0	61
2020	28	11	6	2	1	48

The Malsawm Initiative (TMI)

In an inclusive setting, 52 children with various types of disability are provided appropriate services based on their needs. 30 boys and 22 girls are grouped into Home Based Care, Early Intervention, Play Group, Pre-Academic, Class I – V based on their ability and age. Students are nurtured and assessed on their Personal Social Qualities (PSQs), Co-Scholastic and Scholastic areas with major focus on their strengths. Based on their need, students are also taught Braille and Sign Language too. Low cost Teaching Learning Materials are constantly developed by teachers from locally available resources based on need. With the safety of children always given paramount importance, safeguarding policies are implemented and followed in letter and spirit. All stakeholders, including children and parents are provided necessary training from time to time. While Parents Support Group of TMI lends an unwavering support, they are also in turn supported in terms of building their capacity for better care and nurture.

WRITE UP FROM VOLUNTEER

They taught me what Love is mostly the importance of Self-love, Self-value. They are extra-ordinary kids. If i am to define humanity, these children are to be the one. They love and respect each other, take care of each other. They are far more intelligent than any of us. In spite of their disability, they strive to achieve their dreams. They give endless effort in their studies. They will never miss out to give a smile to their teachers and friends. They stand together, they work and show out what 'Unity is Strength' is. My short stay there has been an amazing experience, I'm really outgoing my introvertness and that a blessings. I will always remember every single one of them in my prayers. Prayers will always be the source that will connect each one of us. Thankyou for allowing me to be one of the volunteer though it's for a short period of time.
